* There are taken into account both credit institutions Romanian legal persons, which have the legal obligation to participate to the FGDB, and the branches of foreign credit institutions headquartered in other EU states. The latter ceased their membership to the FGDB on January 1, 2007, the date of Romania's admission to the European Union and are included in the deposit guarantee schemes in their home countries. On September 30, 2015, a number of 31 credit institutions, Romanian legal persons and 8 branches of credit institutions from other member states operated in Romania.

**Legal persons include credit institutions, financial institutions, insurance companies, mutual funds, pension funds, central and local public authorities etc.

Note:

1. Foreign currency-denominated deposits are expressed in RON-equivalent, at the NBR exchange rate for the last day of the reporting quarter.
2. Because of roundings, there may be slight differences between the totals/subtotals and the sum of components.
